About this e-book

As a bride or groom you might be wondering what to pack for your weekend wedding, there is always something you'll need or an emergency that crops up and needs a quick fix. I've put together a list of the most popular items that I pack in my Wedding Planner Emergency kit and you can pack in your Bride or Groom emergency kit.

This is a general list of all the most popular items that as a professional wedding planner I have seen used or requested. Additionally, it's a good idea to delegate someone (like a bridesmaid or family member) to be in charge of the emergency kit and be responsible for bringing it to the wedding venue.

THE ULTIMATE

Bride Emergency Packing List

On the morning of your wedding day you want to feel relaxed, calm and be soaking in all of the pampering and joyfulness. You really don't want to be worried or stressed about forgetting your perfume, having bad breath or your hair pins falling out.

01

HAIRPINS & HAIR TIES

Every girl knows that you can never have too many hairpins, and I love these silky hair ties they are super stylish and perfect for tying your hair back when it's time to hit the dance floor

02

EXTRA TIGHTS & STOCKINGS

03

BREATH MINTS OR GUM

An absolute must, put these in your bridesmaids handbag. Have them to hand throughout the day, especially just before you walk down the aisle.

04

DEODRANT

Need I say more! Especially on a hot summers day you'll need two lots haha - I would choose this natural, delicately scented refill deodorant, or something like Mitchum which will stay all day.

05

PERFUME & A MINI VERSION

I love the Jo Malone sets for miniature perfumes and Colognes. Or you can decant your chosen wedding fragrance into an atomiser to keep in your handbag.

06

PAIN RELIEVERS

07

PLASTERS & BLISTER PLASTERS

I always recommend Compeed blister plasters for the ultimate comfort and wearability through out all the standing, walking and dancing.

08

TAMPONS AND/OR PADS

09

TOUCH UP MAKE UP

Remember to ask your make up artist if they provide this in their service, if not then ask them which lipstick they'll be using and buy yourself one to keep.

10

NAIL FILE & CLEAR NAIL POLISH

I would recommend picking up a travel nail maintenance kit, this way you can take it on your honeymoon and keep your hands looking fresh throughout. Plus clear nail polish is particularly useful for any pulls in tights.

11

ANXIETY OIL / ROLLER

There is a lot of anticipation and excitement in the lead up to your wedding day, and there can be some stress surrounding it. If you are not a person who enjoys the spotlight then walking down the aisle can also feel overwhelming. I used a diffuser in my bridal suite and would recommend surrounding yourself with calming scents.

12

COMB OR BRUSH

If you are having Hollywood waves you'll definitely need a wide tooth comb to keep them looking their best throughout the day.

13

MAKE UP REMOVER

14

LIP BALM

You'll be spending lots of time chatting, dry lips can be very annoying!

15

BLOTTING PAPERS

Keep shine free for all your important pictures.

16

RAZOR

Great for stray hairs and also de-bobbling suits and other fabric.

17

FLOSS & TOOTH PICKS

18

BODY LOTION & HAND BALM

You want to be glowy and beautifully scented for your wedding day, no crusty dry elbows in sight! I also used the shimmering Iconic London Illuminator to feel extra glowy and special.

19

SUNCREAM

If you are having a summer wedding or destination wedding then suncream is a MUST! You'll be out in the sun all day and not realise that you are burning up. Consider a spray mist spf for over your make up throughout the day.

20

EYELASH GLUE

21

HAIRSPRAY

23

MOUTHWASH

24

DRINKING STRAW

Handy for keeping hydrated but also keeping your lipstick looking fresh.

THE ULTIMATE

Emergency Wedding Day Kit

If anything is going to need a quick fix it usually has something to do with a wardrobe malfunction or a weather change. Pack these few items in your wedding day survival kit to ensure you are prepared for an emergency.

01

MINI SEWING KIT

As a wedding planner I have been known to sew a bride back into her dress when the zipper broke and sew missing shirt buttons back on. Having a mini sewing kit on handy is super handy for any clothing mishaps.

02

STAIN REMOVER PEN OR WIPES

It only takes one canape to find a stain down a white shirt, bridesmaid dress or a wedding dress. Having something on hand to clear up the mess will be super useful so you can relax about any images for the rest of the day.

03

INSECT REPELLENT

04

TISSUES

05

ANTI SLIP SHOE PADS

Some shoes are but too big and need a sole pad , and other times you might find your heels sinking into the grass and heel stopper is needed. Try to wear your shoes in the house before your wedding so that they aren't too new and uncomfortable on your wedding day.

06

HAND FAN

07

SAFETY PINS

08

UMBRELLAS

Rain on your wedding day is considered good luck however having a stylish umbrellas on hand is a good idea for still being able to get outside and take lovely portraits.

THE ULTIMATE

Wedding Planners Kit

When you hire a Wedding Planner you can expect them to have all of the above items with them in their wedding day survival kit PLUS I would be packing additional items like the below. These are items which come in handy for marquee weddings, to help other suppliers out and to help couples with any bigger mishaps that may happen.

01

MINI TOOL KIT

Especially handy for putting together decor items.

02

PORTABLE STEAMER OR IRON

From table linen to dresses, I use my steamer at nearly every single wedding.

03

CLEAR PACKING TAPE

And various other items for temporarily fixing broken items!

04

EXTENSION LEAD

Another favourite of my wedding day emergency kit, always needed for the band or PA system.

05

SPARE CUFFLINKS

Easily forgotten by the Groom or Groomsmen!

06

DOUBLE SIDED TAPE

07

SEWING KIT

With spare buttons, safety pins and various colour threads and scissors.

08

SCISSORS

09

STAIN REMOVER

I have something a bit more heavy duty than a stain remover pen, just incase of larger accidents.

10

ANT POWDER

11

CLEANING WIPES & BIN BAGS

12

PHONE CHARGER

A multifunctional item is so useful for me and I have never not been asked by a guest, bride, groom, supplier or one of my own team for a phone charger at a wedding.

13

CROCHET HOOK

The best tool to help with tricky wedding dress buttons.
